

TCM Forklift Parts

TCM Forklift Parts - In the international trade of material handling, lift trucks play a major role for transporting industrial goods. First innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained recognition after World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread internationally.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply known as TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the trade. TCM began constructing lift truck manufacturing locations outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With over fifty years of accumulated technology and expertise, TCM has been proudly making many models of industrial trucks, making their models recognizable all around the globe. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling business.
